

Rising Stars – For those who love to skate!

Rising Stars Program:

ON-ICE CLASS—Consists of

small group instruction with low 5 to 1 student to coach ratio, tailored to each skaters' age and ability. As well as large group instruction utilizing the entire ice surface. Skaters will be exposed to many various elements and skills, both basic and advances to help them grow and reach their own goals as a skater. Skaters will learn the basics to powerful skating and begin to learn the proper jumping and spinning techniques as well as form and posture.

Skaters have a blast learning new things each week while making lasting friendships with other skaters who are as excited and motivate like themselves!
